*"We're in this together, and together is how we'll get through it"*

Good Morning Valued Chamber Family Member!

The Boca Chamber has begun to chart a path forward in helping restart South Palm Beach County's economy, while still keeping our community safe, through social distancing and remote working practices. Each week, over 150 local chambers of commerce from around the state meet virtually to work on providing relief to job creators. By uniting the business community, we can - AND WILL - successfully restore our economy.

I have sent a letter urging Palm Beach County, and the cities of Boca Raton and Boynton Beach to include the business community in their conversations on how we will begin to return to work. The decisions these entities will have to make are complicated and will have serious impacts to not only the residents, but also the business community, which is the critical driver of our economy, needed to restore jobs and overall economic stability.

The U.S. Chamber of Commerce Foundation, with founding partner Vistaprint, launched the [Save Small Business Fund](#), a grant program to provide assistance to small business owners impacted by the coronavirus pandemic. Funded by contributions from corporate and philanthropic partners, the Foundation will distribute \$5,000 grants to small employers in economically vulnerable communities in the United States and its territories. To see if your business qualifies for this program, simply go to <https://www.savesmallbusiness.com/> and enter the zip code associated with your business. The good news for South Palm Beach County is that out of the 31 zip codes that represent Boca Raton, Boynton Beach and Delray Beach, 23 are eligible for the grant.

There's a NEW movement across the country where Realtors® are now opening doors to potential buyers, virtually! Virtual Open House Week is brought to you by Broward, Palm Beach & St. Lucie Realtors®. [VirtualHouseSearch.com](#) brings all of South Florida's Virtual Open Houses together in one place! Potential buyers can browse real properties safely, and Realtors® will conduct a LIVE showing in real-time. Find properties that you like from April 20th - 26th. I encourage you to learn more about this innovative program by [clicking here](#).
